NEXGEN BRAND

Ultra Pen C

DESCRIPTION: *ULTRA PEN-C has been formulated to quickly penetrate rust, corrosion and moisture. ULTRA PEN-C is a powerful, multiple action penetrant and protective shield. ULTRA PEN-C can be used on wet or dry surfaces. ULTRA PEN-C's four way action lubricates, penetrates, displaces moisture and prevents rust from forming. ULTRA PEN-C is non-flammable and non-conductive with a dielectric strength of 30,000 volts, making it a very safe product to store and to use. Multiple uses such as removing moisture from ignition wires, starting wet engines, freeing nuts and bolts, corrosion preventative on battery terminals, lubricating door hinges and locks, and anywhere else a multiple action penetrant is called for.*

ADVANTAGES: *1) Provides deep penetration to lubricate hard to reach areas. 2) Helps to remove and prevent future rust. 3) Unique ability to penetrates through standing water, allowing for use in wet and dry environments. 4) Non flammable concentrate and spray, and non conductive. Meets requirements for use all 50 states.*

AREAS OF USE: *Electrical panel boards, ignition wires, laundromats, parking meters, vending machines, refrigeration equipment, battery terminals, machine parts, boats and more.*

SPECIFICATIONS:

Classification	Aerosol
Color	Amber
OOdor	Bland
Solubility	Non-soluble
Boiling Point	N/D
Freezing Point	N/D
VOC	0%
