

# TECHNICAL DATA SHEET

**PRODUCT: COIL CLEAN A**

**PART NUMBER: A1010**

**DESCRIPTION:** COIL CLEAN A is a non-abrasive cleaner and deodorizer for evaporator coils in small air conditioners, commercial air handling equipment, HVAC cooling coils and refrigeration equipment. Cleans and deodorizes. Cuts grease and grime without scrubbing. COIL CLEAN A is designed to purify the coil as it cleans. This proprietary heavy duty cleaning formula will help open up restricted air flow due to build up in the coil surface, advance heat transfer, reduce head pressure and optimize system capacity when the condenser and evaporator coil are cleaned on a regular preventative schedule. This specialized coil cleaner helps improve indoor air quality and aids in the breakdown of cold water slime in the pan.

**DIRECTIONS:** Apply only when unit is not running. Shake well prior to using. Coat the entire surface positioning can 6 to 8 inches from surface. Let dwell for up to 5 minutes depending on severity of buildup on the surface to be cleaned. Watch the breakdown of dust, dirt, grease, etc. while the expanding foam begins to work. Turn A/C unit on, no rinsing is required on the evaporator coil. On the condenser coil a final water rinse is required. Make sure to rinse the entire surface removing all product from the applied area.

**APPLICATIONS AND USES:** An excellent product for air conditioners, central cooling systems, auto air conditioners, refrigerators and freezers. For use in hotels/motels, homes, commercial buildings, air conditioner services and auto and RV repair services.

**SPECIFICATIONS:**

Classification	Coil cleaner
Appearance	Foam
Odor	Mild
Flash point	Non flammable
pH	ND
Solubility in water	ND
VOC	4.99%

**CAS Numbers:** Water 7732-18-5; Ethylene Glycol Monobutyl Ether 111-76-2; Butane 106-97-8; Isobutane 075-28-5; Propane 074-98-6; Silicic Acid 10213-79-3

**HMIS RATING:** Health-1; Flammability-1; Reactivity-0; Personal protection-B
