Blow-A-Way

DESCRIPTION: BLOW-A-WAY is a completely environmentally safe, highly concentrated air duster. BLOW-A-WAY is a high pressure, ultra pure, moisture free gas for removing microscopic dirt, dust, iron oxide deposits, lint and paper from delicate equipment. BLOW-A-WAY is completely dry, residue free and also abrasion free. BLOW-A-WAY eliminates the possibility of blowing moisture into sensitive electronic parts. BLOW-A-WAY contains NO VOC's, NO CFC's, NO hydrocarbons and is 100% safe to the ozone.

ADVANTAGES: 1) Safely cleans and dusts in very delicate areas. 2) Easy to use finger friendly actuator, prevents finger fatigue. 3) Environmentally friendly and does not harm the atmosphere. 4) Highly pressurized for immediate action. 5) Safe to use on all electronic surfaces, such as metals, plastics and rubber. 6) Packed in a convenient to carry, and/or store, 10 ounce can.

AREAS OF USE: For use around key-boards, printing mechanisms, disc drives, CPU housings, camera lenses, scientific equipment, electro mechanical devices, film, tapes and heads, timing devices, computer circuits, and many other areas where the power of a duster is required.

CAUTIONS: Avoid contact with eyes. If contact occurs, flush with water for 15 minutes and see a doctor.

SPECIFICATIONS:

Classification	Aerosol duster
Color	Clear
Odor	None
Evaporation rate	Rapid
Propellant	Propane / isobutane
Flammability	Non-flammable
