Con Clean Heavy Duty Concrete Cleaner

DESCRIPTION: CON CLEAN is a heavy duty cleaner & brightener that is easy to use. Straight or dilute as needed, spray on and let stand, then rinse. No Scrubbing or scrapping is necessary to make concrete look like new. CON CLEAN removes discoloration caused by rust, scale, mineral deposits, algae and more. CON CLEAN can be used to clean concrete mixers, trucks, trailers, and other equipment. CON CLEAN lightly etches concrete and is the ideal product to prep concrete for painting and for use in cleaning exterior concrete as it will etch the surface slightly and provide a safer surface to walk on. CON CLEAN is safe for use on painted surfaces.

DIRECTIONS

For concrete or masonry surfaces: Dilute 1 part cleaner with 4 parts water. Apply to surface, allow to stand until the product has stopped foaming and rinse with water. CON CLEAN can also be used on swimming pools and pool decks. For ready-mix trucks and equipment, apply to mixer and surrounding areas, not for use on enamel paint surfaces of truck cabs. Dilution rates may vary due to the severity of soil conditions.

AREAS OF USE: City and County yards, concrete mixers and suppliers, apartment complexes, hospital facilities, hotels, resorts, and anywhere else there are concrete walkways, patios, or common areas.

SPECIFICATIONS:

Classification	Liquid
Color	Milky White
Odor	Slight
Flammability	Will not burn
Flash point (concentrate)	N.A.
Solubility in water	complete
