

Dust N Shine

DESCRIPTION: DUST 'N' SHINE is the "next generation's" aerosol for cleaning, polishing and protecting many surfaces. DUST 'N' SHINE features a remarkable soak-in formula that restores life and brilliance to wood surfaces. DUST 'N' SHINE sprays a unique, stable foam, which quickly breaks down for easy wipe-out to restore luster while enhancing the finished look. DUST 'N' SHINE contains no silicones or wax, eliminating the problems with surface build-up. DUST 'N' SHINE eliminates dust flyaway, cleans and leaves a lasting shine. DUST 'N' SHINE is effective on all hard surfaces.

ADVANTAGES: 1) Dusts, cleans, and shines in one simple step. 2) Removes dust, smudges, smears and fingerprints. 3) Sprays as a light quick breaking foam that still manages to cling to vertical surfaces. 4) Contains NO CHLORINATED SOLVENTS and NO OZONE DEPLETERS. 5) Leaves the surface clean, with a polished look and no greasy or oily feel. 6) Sprays in upright or inverted position. 7) Leaves a long lasting residual shine.

AREAS OF USE: Virtually all hard surfaces, including counter tops, desks, laminated plastic, blinds, file cabinets, appliances, formica, baked enamel finishes, tile, marble, vinyl, fiberglass, simulated wood furniture, porcelain and more.

SPECIFICATIONS:

Classification	Aerosol polish
Color	Light white foam
Odor	Citrus
Flash point (concentrate)	None to boiling
Aerosol flammability	Flammable
Solubility in water	Complete
PH (concentrate only)	11.0
Biodegradable (concentrate)	100%
Propellant	Liquified petroleum gas
