Green Coil

DESCRIPTION: GREEN COIL is formulated for continuous cleaning; the powerful spray generates thick foam that removes dirt, lint and grease from air conditioner and heater coil fins. GREEN COIL's bio-enzymatic cleaning action causes breakdown of organic odors and blockages that help keep drip pans clean and drain lines free flowing. GREEN COIL requires no rinsing, is water based and generates no harsh or offensive odors. GREEN COIL produces a clean, fresh scent that is carried throughout the air handling system. GREEN COIL improves system efficiency and reduces energy consumption. GREEN COIL does the job, for you the user and for the planet.

ADVANTAGES: 1) A 100% organic foaming coil cleaner and deodorizer. 2) Provides positive and fast acting enzymatic cleaning and odor elimination. 3) Powerful spray penetrates deep into coil fins to eliminate dirt build-up. 4) Spray generates a clean fresh fragrance that is carried throughout the air handling system. 5) One step cleaning and deodorizing. 6) No rinse required after application.

AREAS OF USE: On virtually all coils, such as window air conditioners, roof top HVAC units, ice machines, auto radiators, ventilators, dryers, refrigerators, freezers, dryers, ventilators, small air-cooled equipment, small condenser and evaporative coils, metal filters, fan blades and more.

CAUTIONS: Avoid contact with eyes. If eye contact occurs, flush with water for 15 minutes while holding the upper and lower lids open. If irritation persists, see a doctor.

SPECIFICATIONS:

Classification	Earth Friendly Aerosol
Color	White foam
Odor	Fresh
Flash point (concentrate)	None to boiling
Aerosol flammability	Non-Flammable spray
Propellant	L.P.G.
Spray pattern	Powerful stream that foams
Solubility in water	Soluble
VOC	6.71%

Certified 100% Women-Owned Small Business
