## Green Oxy

**DESCRIPTION:** GREEN OXY is an industrial strength all-purpose cleaner, degreaser and stain remover powered with hydrogen peroxide and d-limonene. GREEN OXY is specially formulated with a stable form of hydrogen peroxide at a high pH level, so it remains in an active state for a longer period of time than other "oxygen based" cleaners. The concentrated formula of GREEN OXY can be diluted at a variety of rates to clean everything from fine delicate fabrics to greasy garage floors. GREEN OXY is Green Seal certified as an environmentally safe product.

**ADVANTAGES:** 1) Powerful concentrated cleaner that destroys grease and other stains, while deodorizing as it cleans. 2) Completely removes hard-to-remove stains and restores the original color. 3) A versatile, effective and economical to use multi-surface cleaner. 4) Uniquely blends the cleaning power of hydrogen peroxide with the degreasing power of d-limonene. 5) Green Seal certified, biodegradable and VOC compliant in all 50 states.

**AREAS OF USE:** May be used on appliances, carpet, clothing, countertops, fabrics, floors, furniture, grout, metal, plastics, showers, sinks, stainless steel, tile, upholstery, walls and more. Removes soils such as coffee, red wine, tea, juice, kool-aid, grass stains, ink, blood grease, pet stains, soda and more.
