Nex Patch "M"

DESCRIPTION: NEX PATCH "M" is an asphalt based roof patching compound containing highly refined aluminum particles for reflectivity, that has been specially formulated for use in and aerosol can. NEX PATCH "M" provides a durable, flexible, reflective, rubberized coating which seals and acoustically reduces unwanted vibration and sound. NEX PATCH "M" bonds to all surfaces and forms an impervious seal to water. NEX PATCH "M" contains a unique synthetic rubber which enhances the products performance in harsh weather conditions. NEX PATCH "M" stays pliable in the cold of winter, and yet will not sag, melt or drip in the heat of summer. NEX PATCH "M" protects, repairs and beautifies all roof surfaces with a simple sweep of the hand. NEX PATCH "M" is the quick, effective, long lasting and east way to patch all roof surfaces.

ADVANTAGES: 1) Formulated with synthesized rubber to maintain flexibility and enhance durability. 2) Provides long lasting results, with excellent resistance to weathering and the environment. 3) Helps reduce cooling costs, reduces heat by reflecting the sun's rays from the surface. 4) Excellent for use around gutters, flashings and downspouts. 5) Each convenient to use can yields approximately 20 square feet of patching material. 6) Will not freeze or crack in the cold of winter.

AREAS OF USE: NEX PATCH "M" has been formulated for use on all roofs and other related surfaces, such as gutter and metal building repairs.

CAUTIONS: Avoid contact with eyes, skin and clothing. For eye contact, flush with water for 15 minutes while holding the upper and lower lids open. See a doctor. For skin contact, wash affected area well with soap and water. If irritation persists, see a doctor.

SPECIFICATIONS:

Classification	Solvent based aerosol
Color	Silver spray
Odor	Asphalt like
Flash point (concentrate)	130°F (T.O.C.)
Aerosol flammability	Extremely flammable spray
Propellant	Isobutane/Propane blend
Spray pattern	Powerful mist
Solubility in water	Nil
