

**Industrial Products**

## Open Wide #2

**DESCRIPTION:** OPEN WIDE #2 is a powerful prilled drain opener that rapidly generates sufficient heat to attack and disintegrate most organic material. OPEN WIDE #2 holds its temperature long enough to completely dissolve most blockages. OPEN WIDE #2 contains metallic prilled beads to expedite the reaction, sending it directly to the point of stoppage. OPEN WIDE #2 liquefies and clears fats, grease, sludge, food residue, hair, coffee grounds, soap scum, slime and other matter. OPEN WIDE #2 is safe on all plumbing and has been fortified with powerful rust inhibitors to prevent corrosion.

**ADVANTAGES:** 1) Unclogs drains fast through penetration, agitation and chemical reaction. 2) Dissolves hair, grease, fats, sludge and other protein matter. 3) A powerful non-acid drain opener. 4) Harmless to all pipes and septic tanks. 5) Prilled formulation allows for more concentrated blend of active ingredients for economical use factors. 6) Blended with unique activator chips to expedite the reaction.

**AREAS OF USE:** Schools, hospitals, industrial plants, recreation areas, public restrooms, bus stations, airports, railway stations, nursing homes, municipal buildings, hotels, motels, apartments, restaurants, truck stops, office buildings, golf courses, health spas, warehouses and any other place where clogged drains are a problem.

**PRECAUTIONS:** Use only according to directions on label. Never use product with acid bowl cleaners, sulfuric acid drain openers or other chemicals.

**CAUTIONS:** Avoid contact with eyes, skin and clothing. For eye contact, flush with water for 15 minutes while holding the upper and lower lids open. See a doctor. For skin contact, wash affected area well with soap and water. If irritation persists, see a doctor.

**SPECIFICATIONS:**

Classification	Granular drain opener
Color	Purple beads with silver chips
Odor	None
pH (10% solution)	14.0 ± 0.5
Flash point	None
Solubility in water	100%
