## Slime Out

**DESCRIPTION:** *SLIME OUT* is an air conditioner condensate pan and drain line cleaner and deodorizer. *SLIME OUT* is a revolutionary concept in algae and slime control for air conditioning refrigeration equipment. Avoid clogging from the start by adding *SLIME OUT* to condensate pans of all air conditioning refrigeration units. *SLIME OUT* eliminates odors and keeps drain tubes flowing freely. *SLIME OUT* solves today's problems using tomorrow's technology.

**ADVANTAGES:** 1) Blend of environmentally safe ingredients designed to clean scum, slime and other condensate pan accumulations. 2) Works well in drain pans and lines, water fountain drains and humidification systems. 3) Contains NO acids, NO caustics and NO ozone depleting chemicals. 4) Completely environmentally safe, biodegradable, non-toxic, non-fuming and non-corrosive. 5) Maintains free flowing lines, while eliminating odor problems. 6) Has a pleasant fragrance.

**AREAS OF USE:** All air conditioning drain/condensate pans, including refrigeration and evaporative coolers, humidification systems, water fountain systems and any other cooling system with a condensate pan.

**CAUTIONS:** Avoid contact with eyes. If contact occurs, flush with water for 15 minutes while holding the upper and lower lids open. If irritation persists, see a doctor.

**SPECIFICATIONS:**

Classification	Liquid slime digester
Color	Blue
Odor	Fruity
Flammability	Non flammable
Boiling point	212° F
Solubility in water	100%
Biodegradability	100%

**Certified 100% Women-Owned Small Business**

**Dedicated to Integrity • Reliability • Quality Products • Friendly Service**

**Our Products are Made in the USA and we Proudly Support Veteran Endowments**
