Clear Sil

DESCRIPTION: CLEAR SIL is an all purpose, premium grade RTV caulk/adhesive/sealant. CLEAR SIL is ideally suited for use wherever a strong, permanently flexible weather-proof adhesive, sealant or caulk is needed. CLEAR SIL can also be used as an adhesive for bonding plastic and metal. CLEAR SIL will not sag or shrink due to temperature extremes. CLEAR SIL adheres to virtually all clean surfaces, and will bond, caulk, seal, fasten, insulate, protect and repair many types of materials. CLEAR SIL's unique cartridge dispenses the product in an even and uniform bead for maximum sealing. CLEAR SIL has excellent resistance to weathering, vibration, moisture, chemicals, ozone, and extreme temperatures. Paint will not adhere to cured material.

ADVANTAGES: 1) Quickly cures to a pure silicone rubber which remains permanently flexible. 2) Works in a wide temperature range (-60°F to +500°F) after curing. 3) Unique packaging allows for full dispensing of product. 4) Forms in place gaskets. 5) Packed with a special extender nozzle, which allows for use in the toughest to reach areas.

AREAS OF USE: : Tubs, sinks, showers, doors, windows, walls, sealing cracks in machinery and ventilating ductwork, marine applications, weather-stripping, body seams, plumbing fixtures, low pressure water and drain pipes, auto and appliance trim, and much more.

SPECIFICATIONS:

Classification	RTV silicone
Color	Clear
Odor	Acetic acid like
Flash point	N/A
Boiling point	N/A
Propellant	L.P.G.
Solubility in water	< 0.1%
