Fresh Flush

DESCRIPTION: *FRESH FLUSH is a high performance, heavy duty, coil, fin and filter cleaner, packed in a convenient to use aerosol can. FRESH FLUSH has a unique power blasting spray which forces product into the hard to reach areas, quickly cutting through the toughest build-up of dirt, grime, grease and lint from coils, fins and filter. FRESH FLUSH's unique cleaning system eliminates the need for a messy water rinse and leaves the coils clean, dry and film free. Each cleaning with FRESH FLUSH increases the unit's operating efficiency and reduces energy consumption. FRESH FLUSH enables small air conditioning coils and refrigeration condensers to be cleaned in place.*

ADVANTAGES: *1) Easy to use, simply spray on and walk away. Job done! 2) Power blasting spray reaches hard to get areas. 3) Contains NO chlorinated solvents, NO petroleum distillates and NO ozone depleters. 4) Environmentally safe and 100% biodegradable. 5) Safe on drain pans, plastics and other materials in and around coils. 6) Water based formulation creates no harsh vapors and leaves surfaces clean and film free. 7) Cleans both condenser (hot side) and evaporator (cold side) coils.*

AREAS OF USE: *Mostly any coils, such as window air conditioners, roof top HVAC units, ice machines, auto radiators, dryers, refrigerators, small air cooled equipment, small condenser and evaporative coils, metal filters, fan blades and many more.*

SPECIFICATIONS:

Classification	aerosol
Color	Clear liquid
Odor	Mild
Flash point of concentrate	140° F
Flammability	flammable spray
Spray pattern	Forceful spray
Propellant	LPG
Solubility in water	100%
