Lime Go

DESCRIPTION: LIME GO is an excellent descaler for ice machines as it is completely safe on most metals, including nickel. LIME GO is a rapidly effective, low odor, low fuming acid based detergent for a variety of cleaning and descaling operations. LIME GO contains surfactants and emulsifiers to penetrate and take off lime and other difficult deposits. LIME GO is highly concentrated, and may be used for severe encrustations of scale, mineral deposits, alkaline matter, hard water formations, soap scum, corrosion, lime build-up and mortar spatter. LIME GO is excellent for use on food service equipment, including stainless steel steam tables, food preparation equipment, dish machines and coffee urns.

ADVANTAGES: 1) Highly concentrated formulation allows for very cost effective use factors. 2) Provides the powerful cleaning strength of acids without harsh fumes or odors. 3) Safe on most surfaces not harmed by water, including all plumbing metals (iron, nickel, stainless steel, aluminum and copper) fiberglass and plastics. 4) A unique multi-use product for a multitude of descaling and de-liming applications.

AREAS OF USE: For cleaning and descaling water meters, pumps, air conditioning towers and water lines, shower stalls, ice machines, drinking fountains, cooling coils, bricks, masonry surfaces, ceramic tile, mortar, stone and most metallic surfaces.

SPECIFICATIONS:

Classification	Acid based liquid
Color	Green
Odor	None
Flash point	None
Solubility in water	100%
pH (1% solution)	1.75
Biodegradability	100%
