

Industrial Products

Star Power

DESCRIPTION: STAR POWER is a premium quality, highly concentrated extra heavy duty cleaner and degreaser. All the ingredients used in the blending of STAR POWER are completely biodegradable, making STAR POWER safe as well as powerful. STAR POWER contains a delicate blend of butyl, specialized wetting agents, rust inhibitors, emulsifiers and other ingredients to build an industrial strength, extra heavy duty product. STAR POWER works equally well in any type of water hardness and temperature range. STAR POWER quickly attacks and emulsifies greases and oils, while rinsing quickly and completely from the surface, leaving no residue behind.

ADVANTAGES: 1) Highly concentrated formula, which when diluted to proper solutions becomes very economical to use. 2) Rinses easily and may be used in most cleaning and degreasing applications. 3) Special wetting agents provide superior penetration of greases, oils, dirt, grime and more. 4) Complex rust inhibitors allow for safe use on most metal surfaces, (not intended for prolonged contact on aluminum).

AREAS OF USE: Use on walls, floors, doors, lobbies, ovens, trucks, tractors, equipment, boilers, generators, lockers, presses, motors, tools, appliances, sinks, counters, fans, concrete, brick, ceramic, vinyl, enamel, steel, plastic, rubber and much more. Excellent for use in steam and pressure washing applications.

SPECIFICATIONS:

Classification	Liquid
Color	Yellow
Odor	Detergent
Flash point	None
Boiling point	212° F
V.O.C.	< 3%
Solubility in water	100%
Biodegradability	100%

Certified 100% Women-Owned Small Business
