

## Touchless Fleet Wash

**SUGGESTED USES:** Any painted and non-painted surfaces of cars, buses, trucks, and trailers.

**DESCRIPTION:** TOUCHLESS FLEET WASH is a clear, concentrated, liquid alkaline detergent for general all around cleaning. TOUCHLESS FLEET WASH has been formulated to meet the stringent cleaning requirements of the car and trucking industry. In addition to mild balanced alkaline ingredients, TOUCHLESS FLEET WASH incorporates selected sequestering agents along with high foaming, efficient wetting agents, and water soluble organic solvents. TOUCHLESS FLEET WASH is completely water soluble and the detergent material is completely biodegradable. Special surfactants insure rapid penetration of soil and free and complete rinsing. Simply foam on, pressure off, use a brush on extremely soiled surfaces. TOUCHLESS FLEET WASH should be diluted 50:1 to as high as 100:1 with water. Extremely versatile solutions can be used with pressure cleaners, steam cleaners or foaming devices. TOUCHLESS FLEET WASH works in both hot and cold water, and is self foaming. Contains No hazardous Ingredients.

### SPECIFICATIONS:
