

## Industrial Products

### Nex Tile

**DESCRIPTION:** NEX TILE is an acoustical ceiling tile restorer, designed to restore the appearance of stained or discolored off white ceiling tiles. NEX TILE is not paint, but rather a unique clay-resin system, which allows instant restoration of stained tiles without sealing the pores (the way paint would). NEX TILE will not only improve the appearance, but will also enhance the acoustic sound absorption quality. NEX TILE is excellent for use on both smooth and rough surfaces, and will not sag or warp. NEX TILE is packed with interchangeable spray heads, which allows for vertical or horizontal spraying. NEX TILE helps to extend the practical life of ceilings, thereby saving maintenance time and money.

**Available in White and Off White**

**ADVANTAGES:** 1) Covers water stains, smoke discoloration and most other stains. 2) No surface preparation required, simply locate stain and spray. 3) Special low odor formulation for indoor use, and dries within minutes. 4) Will not cause warping or sagging. 5) Saves maintenance costs, avoids costly tile replacement or complete re-painting. 6) Packed with 2 spray tips for horizontal or vertical use.

**AREAS OF USE:** Office buildings, apartments, condominiums, hotels, motels, hospitals, convalescent care facilities, schools, day care facilities, restaurants and in any other area where acoustic tiles have been stained.

#### SPECIFICATIONS:

Classification	Aerosol
Color	White or Eggshell
Odor	Ethereal
Flash point (concentrate)	110°F
Aerosol flammability	Non-flammable
Solubility in water	Insoluble
Propellant	Isobutane-propane
Spray pattern	Varies with valve used

**Certified 100% Women-Owned Small Business**

**Dedicated to Integrity • Reliability • Quality Products • Friendly Service**

**Our Products are Made in the USA and we Proudly Support Veteran Endowments**
