Off-A Plus

DESCRIPTION: OFF-A PLUS is an extra heavy-duty mark and graffiti remover. OFF-A PLUS is a unique blend of solvents, designed for removing most graffiti and markings found in public places. OFF-A PLUS's high viscosity power spray helps blast graffiti off the surface, quickly and easily, while the gel formulation remains and penetrates to remove whatever is left behind. OFF-A PLUS will not harm aluminum, steel, glass, concrete, porcelain, brass, chrome, marble, brick and most enameled surfaces. OFF-A PLUS is safe on most plastics, lexans, painted surfaces, rubber, asphalt tile and many other synthetic surfaces. Test in small area first.

ADVANTAGES: 1) Contains no CHLORINATED SOLVENTS. 2) Clinging formulation provides extended surface contact time, allowing the product to penetrate and remove all the graffiti. 3) Provides high power dissolving actions. 4) Works equally well on porous and non-porous surfaces. 5) Safe on most lexans and plastic surfaces. 6) Removes ink, paint, road tar, scuff marks, adhesives, crayon, lipstick, permanent marker, make-up and many other markings.

AREAS OF USE: Road signs, restrooms, desk tops, marking boards, elevators, portable toilets, walls, concrete, brick, billboards, bridges, sidewalks, busses, trains, trucks, construction equipment, buildings, airports and more.

SPECIFICATIONS:

Classification	Aerosol
Color	Clear viscous spray
Odor	Slight solvent
Flash point (concentrate)	100°F (T.C.C.)
Flammability	Extremely flammable spray
Spray pattern	Concentrated gel
Solubility in water	Non soluble
