San Lube II

DESCRIPTION: SAN LUBE II is a mineral oil based, food grade lubricant authorized for use by the U.S.D.A. SAN LUBE II is the modern, safe and sanitary method of lubricating dairy and food processing equipment using a USP grade lubricant. Containing no vegetable or animal fats, SAN LUBE II is safe, sanitary and tasteless. SAN LUBE II will not contaminate or taint when in contact with food products. SAN LUBE II is neutral, and will not turn rancid or stain. A special thickening agent insures that SAN LUBE II will stay put for longer lasting lubricating activity. SAN LUBE II complies with FDA Regulations, CFR Title 21, paragraphs 172.878 and 178.3620.

ADVANTAGES: SAN LUBE II is a mineral oil based, food grade lubricant authorized for use by the U.S.D.A. SAN LUBE II is the modern, safe and sanitary method of lubricating dairy and food processing equipment using a USP grade lubricant. Containing no vegetable or animal fats, SAN LUBE II is safe, sanitary and tasteless. SAN LUBE II will not contaminate or taint when in contact with food products. SAN LUBE II is neutral, and will not turn rancid or stain. A special thickening agent insures that SAN LUBE II will stay put for longer lasting lubricating activity. SAN LUBE II complies with FDA Regulations, CFR Title 21, paragraphs 172.878 and 178.3620.

AREAS OF USE: Food processing plants, industrial plants, restaurants and bakeries for sanitary valves, sanitary machine parts, pistons and rings, seals and parts, filling lines and any place a non-staining lubricant is needed.

SPECIFICATIONS:

Classification	Oil base aerosol
Color	Clear
Odor	Mild petroleum
Flash point (concentrate)	365° F
Flammability	Flammable spray
Spray pattern	Concentrated mist
Solubility in water	Slight
