## Lemon Plug Away

**DESCRIPTION:** LEMON PLUG AWAY is a super-potent caustic drain opener and maintainer with a pleasant lemon fragrance. LEMON PLUG AWAY attacks organic matter, such as rags, hair, paper and grease, yet does not contain strong acids, which may be harmful to plumbing. LEMON PLUG AWAY is heavier than water, which enables it to seek out and eliminate the problem area. Since LEMON PLUG AWAY contains no acids, it is completely odorless when used. LEMON PLUG AWAY quickly opens grease clogged pipes by converting problem grease into a liquid soap which washes away freely. LEMON PLUG AWAY helps keep drains open, thus reducing malodors generated by rancid material.

**ADVANTAGES:** 1) Quickly dissolves rags, hair, paper, grease and any other organic matter. 2) Opens clogged drains without any foul sulfuric acid odors. 3) Heavier than water formulation gets to problem area quickly. 4) May be used on a preventative maintenance program. 5) Will not boil or cause excessive heating in pipes.

**AREAS OF USE:** Schools, hospitals, industrial plants, public restrooms, bus stations, airports, railway stations, nursing homes, municipal buildings, hotels, apartments, high rise buildings, warehouses and any other place where clogged drains are a problem.
