Vinyl Dressing

DESCRIPTION: VINYL DRESSING was formulated to polish and protect rubber, vinyl, plastic, finished wood, metals and many other surfaces. VINYL DRESSING restores the original shine and luster to treated surfaces. VINYL DRESSING has special additives which repel water, dust and dirt and help prevent damage from humidity and temperature changes. VINYL DRESSING leaves a microscopic film which protects against ultraviolet light, fading, drying out, ozone, oxidation, cracking, dulling, hardening or rotting. VINYL DRESSING beautifies and prolongs the life of most rubber and vinyl surfaces. VINYL DRESSING has a high solids content that yields long lasting results.

ADVANTAGES: 1) Cleans, polishes and protects in one quick easy motion. 2) Unique silicone blend will condition and restore old worn surfaces to look like new. 3) Contains no hazardous ingredients, is non-flammable and has virtually no odor. 4) Protects from the sun and environmental pollution. 5) Completely biodegradable and safe to use.

AREAS OF USE: Tires, vinyl tops, vinyl seats, dashboards, floor mats, visors, chrome trim, wood panels, luggage, furniture, brief cases, boots, countertops, boat interiors, chrome, formica, fiberglass, synthetic leathers and other similar surfaces.

SPECIFICATIONS:

Classification	Liquid silicone emulsion
Color	Milky white
Odor	None
Flash point	None
Solubility in water	100%
Biodegradability	100%
