## White Sil

**DESCRIPTION:** WHITE SIL is an all purpose, premium grade RTV caulk/adhesive/sealant. WHITE SIL is ideally suited for use wherever a strong, permanently flexible weather-proof adhesive, sealant or caulk is needed. WHITE SIL can be used as an adhesive for bonding plastic and metal. WHITE SIL will not sag or shrink due to temperature extremes. WHITE SIL adheres to virtually all clean surfaces, and will bond, caulk, seal, fasten, insulate, protect and repair many types of materials. WHITE SIL's unique cartridge dispenses the product in an even and uniform bead for maximum sealing. WHITE SIL has excellent resistance to weathering, vibration, moisture, chemicals, ozone, and extreme temperatures.

**ADVANTAGES:** 1) Quickly cures to a pure silicone rubber which remains permanently flexible. 2) Works in a wide temperature range (-60° F to 450° F). 3) Bonds most materials, similar or dissimilar (glass, wood, rubber, metal, plastic, ceramic, etc.) 4) Unique packaging allows for full dispensing of product. 5) Packed with a special extender nozzle, which allows for use in the toughest to reach areas.

**AREAS OF USE:** : Tubs, sinks, showers, doors, windows, appliance parts, sheet metal joints, ductwork, electrical components, marine applications, weather-stripping, body seams, plumbing fixtures, auto and appliance trim, and much more.

### SPECIFICATIONS:

<b>Classification</b>	<b>RTV silicone</b>
<b>Color</b>	<b>White</b>
<b>Odor</b>	<b>Acetic acid like</b>
<b>Flash point</b>	<b>N/A</b>
<b>Boiling point</b>	<b>N/A</b>
<b>Solubility in water</b>	<b>Nil</b>
