## **Bac-Aide Island Fresh**

**DESCRIPTION:** BAC-AIDE ISLAND FRESH is a natural solution of enzyme producing bacteria that gives instant and residual odor control. BAC-AIDE ISLAND FRESH contains 6 strains at a concentration of a minimum of 200 billion colony forming units of specifically designed bacteria. BAC-AIDE ISLAND FRESH is specifically designed for malodors caused by dampness, mildew, mold, food waste, urine, fecal matter, vomit and many other types of organic waste. BAC-AIDE ISLAND FRESH will not stain fabrics, such as carpet or furniture, is biodegradable and non-toxic to animals and humans. BAC-AIDE ISLAND FRESH helps maintain grease traps, porta-toilets, septic tanks and many other drains. BAC-AIDE ISLAND FRESH may be sprayed on trees and shrubs as an animal odor suppressant, a deterrent, and to decompose fecal matter. BAC-AIDE ISLAND FRESH solves today's problems using tomorrow's technology.

**ADVANTAGES:** 1) Provides immediate and residual odor control. 2) Enzymatically digests organic waste. 3) Effectively destroys all animal odors. 4) Maintains free flowing drains, while eliminating odor problems. 5) Non-staining on carpets and upholstery. 6) Guaranteed salmonella free, containing only non pathogenic bacteria. 7) Non toxic to animals and humans.

**AREAS OF USE:** Drains, grease traps, septic systems, lagoons, waste treatment plants, industrial waste systems, porta-toilets, recreational vehicles, zoos, veterinarians, stock yards, public restrooms and any other place where drains and/or odors are a problem.

### **SPECIFICATIONS:**

<b>Classification</b>	<b>Liquid bacteria</b>
<b>Color</b>	<b>Opaque White</b>
<b>Odor</b>	<b>Pleasant mint</b>
<b>Flammability</b>	<b>Non flammable</b>
<b>Boiling point</b>	<b>212° F</b>
<b>Solubility in water</b>	<b>100%</b>
<b>Biodegradability</b>	<b>100%</b>
<b>VOC</b>	<b>0%</b>
