Big Rig

DESCRIPTION: *BIG RIG is a free-flowing powder, designed for manual or machine-washing of all transportation and maintenance equipment. BIG RIG is a homogenous blend that will not cake or layer, and is readily soluble. BIG RIG is extremely free rinsing and is well supplied with sequestering agents so that it may be used with water of any hardness. BIG RIG is safe for use on all metals, paints, plastics and even rubber. Once in solution, BIG RIG quickly penetrates through dirt, grease and grime, leaving behind a streak free clean finish. BIG RIG generates a large volume of thick rich foam, which enables a very small quantity of diluted product necessary to clean any and all vehicles. Once in solution, BIG RIG will not settle out or spoil, diluted tanks are usable for a long period of time.*

ADVANTAGES: 1) *Highly concentrated formulation.* 2) *Contains special additives which enable water to sheen off the surface, eliminating water spotting.* 3) *Formulated with specialized foam stabilizers to provide long lasting suds for quick cleaning action.* 4) *Safely removes dirt, grease, oil, road film, insects, bird droppings, exhaust film, gasoline residue and much more.*

AREAS OF USE: *Automobiles, trucks, buses, vans, mobile homes, pickups, trailers, recreational vehicles, forklifts, tractors, mowers, more.*

SPECIFICATIONS:

Classification	Free flowing powder
Color	Yellow
Odor	None
Flash point	None
Solubility in water	100%
Biodegradability	100%
