Bio Bug B Gone Aerosol

DESCRIPTION: *BIO BUG B GONE AEROSOL is a water-based pesticide developed especially to control bed bugs. When applied as directed, BIO BUG B GONE AEROSOL will kill bed bugs and other insects, such as cockroaches, ants, millipedes, carpet beetles, and fleas on contact. Any listed insects coming into contact with a surface treated with BIO BUG B GONE AEROSOL will be killed for up to 30 days after application. It is third party certified for effectiveness with 100% mortality occurring within 5-10 minutes of application, depending on life stage.*

BIO BUG B GONE AEROSOL is made only with ingredients which qualify for the 25(b) exemption in the EPA Pesticide Regulations. The US EPA has identified a group of naturally derived chemicals as having pesticidal qualities which exhibit very low if any toxicity.

ADVANTAGES: *1) Items treated may be used as soon as dry. 2) Non-toxic to all mammals and will not harm the environment when used as directed. 3) Spray on mattresses and furnishings without needing to dispose of them. 4) No insect immunity created as with pesticides. 5) Dries odorless without staining.*

AREAS OF USE: : Homes, hotels, motels, hostels, hospitals, dormitories, autos, moving vans, airplanes, buses, trains, theaters, auditoriums.
