

Industrial Products

Skin Shield

DESCRIPTION: SKIN SHIELD is specifically designed to be applied to exposed skin and protect it from ink, acids, alkalis, grease, tar, oils, chemicals, solvents, resins, plastics, corrosive salts and other skin irritants. SKIN SHIELD forms a barrier to prevent grease, paint resins, soil and ink from penetrating the skins pores and creases. Keeps skin cleaner, minimizing cleanup time. For use in the following industries: Petroleum, automotive, printing, aircraft, plastics, metal, paint, chemical, landscaping and research laboratories. For use by anyone who needs to protect their hands while maintaining dexterity; Silkscreen operators, printers, laboratory personnel, warehouse personnel, construction workers, landscapers and heavy machinery operators. SKIN SHIELD is easy to apply and washes off with soap and water. Makes clean up time faster. Lubricates while protecting skin areas.

ADVANTAGES: 1) Concentrated and economical. 2) Easy to apply and remove; no water, no mess. 3) Leaves hands clean and soft.

AREAS OF USE: Printing plants, chemical plants, railroad yards, oil rigs, air and truck transportation terminals, industrial plants, paint departments and ship-yards.
