

## Turn A Scrub

**DESCRIPTION:** TURN A SCRUB is an eco-friendly product specially formulated to safely remove tarnish and rust from oxidized metal surfaces. It restores most metal surfaces to its original beauty without the use of harmful acids or hazardous chemicals found in traditional cleaning products. It can be used in the bathroom to remove hard-water deposits on stainless steel, copper, bronze, aluminum, porcelain, ceramic tile, shower glass-doors, chrome fixtures, tubs, fiberglass, granite, and most hard surfaces. TURN A SCRUB can also be used to clean and bring back the shine to car headlights. It contains mild organic acids and very fine abrasive particles that will not scratch. It easily removes soil, stubborn stains, grease, soap scum and scuff marks. TURN A SCRUB is a creamy product. It clings to and stays on all surfaces, reducing waste. It is highly recommended for stainless steel and chrome fixtures. Not for use on pH sensitive surfaces such as marble, pewter, painted surfaces, gold or silver jewelry, lacquered metals or anodized aluminum.

**ADVANTAGES:** 1) Creamy product clings to surface being cleaned. 2) Easy to apply and remove. 3) Easily removes stubborn stains.

**AREAS OF USE:** Offices, apartments, schools, care facilities, hospitals, manufacturing plants, vehicle maintenance and more.

### SPECIFICATIONS:

Classification	Opaque Liquid
Color	White
Odor	Citrus/Lemon
Flammability	Not flammable
Solubility in water	100%
