Belt Dressing

DESCRIPTION: Treatment with BELT DRESSING eliminates belt slippage while increasing equipment efficiency and lengthening belt life. Will not glaze and does not attract dust or dirt. Effective against indoor and outdoor environmental conditions. Can be safely applied to both sides of power transmission belts even while in motion. Will not glaze and does not attract dust or dirt. Effective against indoor and outdoor environmental conditions.

ADVANTAGES: 1) High tack. 2) Stops slippage. 3) Increases equipment efficiency. 4) Sprays when held upright or inverted.

AREAS OF USE: Useful on all types of belts: "V" type, flat, round, made of leather, rubber, fabric, and synthetic material.

SPECIFICATIONS:

Classification	Aerosol
Color	Not Available
Odor	Not Available
Boiling Point	194°F
Flash point (concentrate)	-156°F
Flammability	Flammable Aerosol
Solubility in water	Not Available
