Joy to the World

DESCRIPTION: JOY TO THE WORLD is an aluminum complex grease, specially formulated for the food process and beverage industry. JOY TO THE WORLD provides excellent extreme pressure and anti-wear protection, and can be used over a wide temperature range. JOY TO THE WORLD is resistant to equipment wash downs and provides excellent protection from rust and corrosion. JOY TO THE WORLD has excellent resistance to water, steam, acids and caustic solutions. JOY TO THE WORLD is formulated to meet FDA and USDA requirements where incidental food contact may occur. NSF rated H-1 status.

ADVANTAGES: 1) Pure industrial strength food grade grease. 2) Has no odor, no taste and totally non-toxic. 3) A multi-purpose white grease with a creamy smooth consistency. 4) Does not affect rubber or plastics. 5) Safe at temperatures ranging from 10°F to 350°F, intermittent at 450°F. 6) Provides a high load carrying capacity. 7) Complies with FDA Regulation, CFR, Title 21, Paragraph 178.3570. 8) Protects against food related acids.

AREAS OF USE: Designed for the food processing industry for all grease lubricated equipment. Slides, gears, and guides found in canneries, bottling plants, dairies, meat processing facilities, breweries, bakeries, etc.

SPECIFICATIONS:

Classification	Food grease aerosol
Color	White
Odor	Slight solvent
Flash point (concentrate)	-40° F
Flammability	Flammable spray
Propellant	Propane/Isobutane
Solubility in water	Soluble
VOC Content	25%
