Safe-D-Scale

DESCRIPTION: SAFE-D-SCALE is a completely safe replacement for harsh acid descalers. SAFE-D-SCALE replaces acid and acid-blend products to take care of a large variety of cleaning and maintenance problems. SAFE-D-SCALE is a viscous liquid that clings to the surface to be cleaned, which increases dwell time and allows for cleaning of slanted and vertical surfaces. SAFE-D-SCALE is very safe and easy to use. SAFE-D-SCALE is environmentally friendly and biodegradable. SAFE-D-SCALE is non-hazardous, non-corrosive, non-toxic, non-acid, non-fuming, non-flammable, non-caustic and contains no V.O.C's or phosphates. SAFE-D-SCALE is the powerful, complete acid replacement system that works like an acid with the safety of dish soap. SAFE-D-SCALE is the all-natural solution to today's scale problems. SAFE-D-SCALE does the job, for you the user and for the planet.

ADVANTAGES: 1) User and surface friendly. 2) Quickly removes rust, calcium deposits, hard water deposits, soap scum, lime build-up, mildew stains, grease and other difficult soils. 3) Thick clinging formula to increase dwell time.

AREAS OF USE: Safe on aluminum, stainless steel, copper, fiberglass, glass, tile, concrete, masonry, porcelain, grout and many other surfaces.

SPECIFICATIONS:

Classification	Non-acid cleaner
Appearance	Green liquid
Odor	Mint
Flash point	None
pH	1.0
Solubility in water	Complete
Boiling point	212°F
VOC	0%
Biodegradability	100%

Certified 100% Women-Owned Small Business

Dedicated to Integrity • Reliability • Quality Products • Friendly Service

Our Products are Made in the USA and we Proudly Support Veteran Endowments
