

Industrial Products

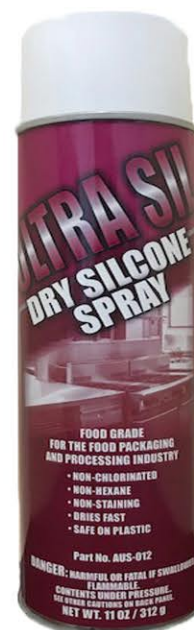

Ultra Sil

DESCRIPTION: *ULTRA SIL is a dry silicone spray specifically designed for use in the food packaging and processing industries. ULTRA SIL also works exceptionally well for many industrial and commercial uses. ULTRA SIL is colorless, non-staining, odorless, quick drying, non-greasy and even heat stable. ULTRA SIL has the highest USDA rating of H-1, which allows for incidental food contact. ULTRA SIL is non ozone depleting, and contains no chlorinated solvents, no CFC's and no 1,1,1-trichloroethane. ULTRA SIL is very effective in preventing production line jamming in bottling plants.*

ADVANTAGES: 1) Non-chlorinated food grade dry silicone spray. 2) Non-staining formula that dries quickly. 3) Heat stable from -40° F to +450° F. 4) Safe on all surfaces, plastics and even painted surfaces included. 5) Eliminates sticking and production slowdowns. 6) Authorized for use by the U.S.D.A., with a H-1 classification. 7) Reduces friction and wear, giving long lasting results for many types of machinery.

AREAS OF USE: Food contact tables, slicing equipment, heat sealing equipment, guide rails, conveyors, ovens, hoods, production lines, bottling lines, door hinges, sliding door rails, windows, slides and anywhere a non-staining lubricant should be used.

SPECIFICATIONS:

Classification	Aerosol silicone
Color	Clear
Odor	Light solvent
Flash point (concentrate)	49° F (T.O.C.)
Flammability	Extremely flammable spray
Propellant	L.P.G.
Spray pattern	Mist
Solubility in water	Slight
