

## Industrial Products

### Lube All Green

**DESCRIPTION:** LUBE ALL GREEN is recommended for severe applications in many industries. It is particularly suitable for high speed bearings and centralized lubrication systems. LUBE ALL GREEN is recommended for use in automotive as well as extreme pressure applications. LUBE ALL GREEN is suitable anywhere where shear stable, high load carrying, corrosion resistant grease is required. Forms protective film, resisting rust and corrosion. LUBE ALL GREEN resists chemical breakdown and oxidation. This waterproof lubricant will not wash out. Resistant to corrosive salt water environments. For use on high and low speed ball and roller bearings, couplings, mechanical linkages, pumps, universal joints, ball joints, fifth wheels, and other severe service requirements.

**ADVANTAGES:** 1) Exceptional resistance to acids, water, salt spray, weather, dirt, dust, steam and oxidation. 2) Performs at a wide range of temperatures, up to 500°F. 3) Excellent load carrying capability, up to 65 Timken load. 4) High shock and impact grease, will not pound out or thin out. 5) Formulated with specialized rust and corrosion inhibitors to provide an extra level of oxidation protection.

**AREAS OF USE:** Aircraft manufacturers, construction equipment manufacturers, new and used car dealers, automotive parts stores, farm machinery and equipment, highway paving contractors. and multiple industrial applications.

#### SPECIFICATIONS:

Color	Green
NLGI Grade	2
Drop point (ASTM D-556)	+550°F
Timken OK Load	65 lbs
Water resistance	Excellent
Acid resistance	Excellent
Rust resistance	Excellent

**Certified 100% Women-Owned Small Business**

**Dedicated to Integrity • Reliability • Quality Products • Friendly Service**

**Our Products are Made in the USA and we Proudly Support Veteran Endowments**
