

Solution Series HAND TOOLS

UNIVERSAL MASTER ERGO KUT, STRIP AND CRIMP SNIPS

- The most uniquely patented ergonomically designed combination cut, strip, and crimp snip set ever designed for the preventative maintenance technician
- Comfort grip ergonomically designed handles with built-in anti-slip grooves for maximum comfort and gripping power
- Built-in springs in the 7" and 8" models provide for rapid ratcheting style of cutting (26-38 gauge sheet metal), pruning, snipping, etc. while reducing hand fatigue
- 7" model has a stranded wire stripping (6-28 gauge)/small limb-pruning station
- The 6" model has separate built-in crimping and stripping station for 16 gauge (1.5mm) and 14 gauge (2.5mm) wire
- Heavy duty TPR (thermoplastic rubber) handles and corrosion resistant stainless steel cutting knives (blades)
- Provides everyday solutions for electricians, general maintenance technicians, instrument and control technicians, welders, bio-med technicians, auto, bus and truck mechanics, marine mechanics, golf course mechanics, gardeners, landscaping professionals, sheet metal workers, farmers and ranchers, irrigation technicians, HVAC technicians, etc.
- Cuts and snips paper, cardboard, plastic, polyethylene, rubber, fabric, leather, stranded copper wire, sheet metal, rubber conveyor belt and hoses, plants and limbs, etc.

Code #	Length	Jaw Capacity
--------	--------	--------------

T1853	3 Piece Universal Utility Cutter Set	6", 7" & 8"
-------	--------------------------------------	-------------

Easily cuts 26-38 gauge sheet metal

Easily strips 6-28 gauge stranded wire

Excellent choice for everyday pruning/landscaping needs

** Cutters are not intended to cut solid wire, steel braided hose, stainless steel, fasteners, chain, cable, or any other items that aren't labeled that they will cut.*
