

Work Lights

Solution Series **HAND TOOLS**

VISION PRO

4-function super bright, 2 AA handheld work light with 3-function pouch and wrist lanyard

- Shockproof and weatherproof (dust and water resistant)
- LED bulb lifespan of 50,000 hours
- IPx4 moisture resistance rated (Ingress protection against water sprayed from all directions – limited ingress permitted)
- Brightness of up 180 lumens, lighting distance of up to 217 yards
- Wrist lanyard and a custom 3-function pouch included
- The 3-function pouch includes a typical belt loop for permanent attachment, a tear away belt loop for rapid removal, and a loop attachment for attaching to clips, carabineers, s-hooks, tool pouches, backpacks, fanny packs, purses, etc.
- Only takes 2 AA batteries
- The green LED does not spook wildlife

Serrated lens cap allows user to visually see that the flashlight is left on or off when placed down on the lens cap
