## Up Scale

**DESCRIPTION:** UP SCALE is a highly concentrated blend of detergents, inorganic acid, wetting agents, and rinse additives specifically formulated to keep toilet bowls and urinals bright and clean. Regular maintenance use of UP SCALE will help to clean traps and lines, aiding in preventing clogs. UP SCALE may be used to recondition badly soiled bowls and urinals, or for use as a regular maintenance housekeeping product. UP SCALE removes plumbers stone, mineral scale, organic matter and stains from bowl and urinal surfaces, thereby eliminating a source of offensive odors. UP SCALE also works well as a concrete floor etch, and removing rust stains from concrete.

**ADVANTAGES:** 1) Highly concentrated formulation. 2) Quickly removes lime encrustations and other mineral deposits. 3) Deodorizes by dissolving odor forming sediments. 4) Contains special inhibitors to retard corrosion. 5) Removes rust stains from concrete. 6) Will not scratch vitreous ware.

**AREAS OF USE:** Warehouses, industrial plants, apartment complexes, hotels, restaurants, factories, schools, office buildings, churches, homeless shelters, hospitals, health resorts, golf courses, cemeteries, prisons and more.
