

Industrial Products

RA 1000

DESCRIPTION: This drain opener contains powerful caustic granules activated with aluminum needles to quickly unclog drains and sewers and keep them free-flowing. When added to water RA 1000 releases large amounts of heat and turbulence to liquefy, dissolve, and loosen fats, oils, and other organic matter that typically clog drains and sewer lines. Even though it's extremely powerful, it will not harm drains, pipes, and septic systems. Can be from small drain lines to large sewer main lines. Not available in CA.

ADVANTAGES: 1) Contains powerful heat-generating aluminum needles 2) releases large amounts of heat and turbulence to liquefy blockages in drains and sewers 3) Loosens and dissolves grease and other organic material.

AREAS OF USE: In manholes, drains, food plants, packing houses, canneries, large buildings, municipalities, schools, hotels and more.

SPECIFICATIONS:

Appearance	pellets with aluminum
Fragrance	None
Flash p0int	None
pH	14.0
Solubility in water	Complete
