Ultra Pen

DESCRIPTION: *ULTRA PEN has been formulated to quickly penetrate rust, corrosion and moisture. ULTRA PEN is a powerful, multiple action penetrant and protective shield. ULTRA PEN can be used on wet or dry surfaces. ULTRA PEN's four way action lubricates, penetrates, displaces moisture and prevents rust from forming. ULTRA PEN is non flammable and non conductive, making it a very safe product to store and to use. ULTRA PEN is the finest blend of solvents available to meet all current regulations containing no 1,1,1-trichloroethane. Not Available in California (use ULTRA PEN C).*

ADVANTAGES: *1) Provides deep penetration to lubricate hard to reach areas. 2) Helps to remove and prevent future rust. 3) Unique ability to penetrate through standing water, allowing for use in wet and dry environments. 4) Non flammable concentrate and spray, and non conductive to 30,000 volts. 5) Meets or exceeds Mil Spec C-23411. 6) Authorized for use by the U.S.D.A.*

AREAS OF USE: *Electrical panel boards, removing moisture from ignition wires, starting wet engines, freeing nuts and bolts, corrosion preventative and lubricate machine parts, door hinges, locks, boats and anywhere else a multiple action penetrant is called for.*

SPECIFICATIONS:

Classification	Aerosol
Color	Clear
Odor	Chlorinated solvent
Flash point (concentrate)	None
Flammability	Non flammable spray
Propellant	Carbon dioxide
Spray pattern	High power stream
Solubility in water	Non soluble
