Dew-B Gone

DEW-B GONE eliminates mildew stains and mold from virtually all washable unpainted surfaces. DEW-B GONE may be used in bathrooms on tile and grout, around the tub or shower stalls, shower curtains, vinyl canopies, colorfast fabrics, mats, awnings, auto and boat tops, patio furniture, refrigerator gaskets, ceilings, walls and many other areas where mildew is a problem. DEW-B GONE can be sprayed under eaves prior to painting to prevent future mildew appearance. Works on contact, no harsh rubbing or abrasives needed, simply spray on, let dry, and rinse away when stains disappear. Dew-B Gone is also effective in fighting germs, and removing unwanted odors. And once used, the active ingredient rapidly breaks down, forming salt and water, and is safe to go down the drain. Use of DEW-B GONE with a preventative maintenance schedule will eliminate mildew stains permanently.

Available in quarts, gallons, and drums.

Before

Marina owner/
boat rental
operator
scrubbed
for hours to
get the seat
this clean.

After trying another product and then straight bleach.

A friend
gave him
Dew-B
Gone and
all he did
was spray,
wait and
rinse!

After Using Dew-B Gone
