NEX PATCH

NEX PATCH is an asphalt based roof patching compound that has been specially formulated for use in and aerosol can. NEX PATCH provides a durable, flexible, reflective, rubberized coating which seals and acoustically reduces unwanted vibration and sound, it bonds to all surfaces and forms an impervious seal to water.

NEX PATCH contains a unique synthetic rubber which enhances the product's performance in harsh weather conditions, it stays pliable in the cold of winter, and yet will not sag, melt or drip in the heat of summer. This easy to use aerosol formula protects, repairs and beautifies all roof and metal surfaces with a simple sweep of the hand. NEX PATCH is the quick, effective, long-lasting and easy way to patch all roof and metal surfaces.

Available in White, Black and Metal colors for all your patching needs.
