

SKIN SHIELD

SKIN SHIELD is specifically designed to be applied to exposed skin and protect it from ink, acids, alkalis, grease, dirt, tar, oils, chemicals, solvents, resins, plastics, corrosive salts and other skin irritants. SKIN SHIELD forms a barrier to prevent any irritants, inks and paints from penetrating the skin's pores and creases. Perfect for use as a preventive measure when you may come across unknown or unexpected irritants such as poison ivy, grasses or other allergens. Can be worn under gloves for extra protection. Keeps skin cleaner, making clean-up time faster and easier. For use by anyone who needs to protect their hands while maintaining dexterity. Won't cause your hands to sweat or overheat. SKIN SHIELD is easy to apply and washes off with soap and water. Contains emollients and lanolin to leave skin soft while providing protection. Use on hands, arms, legs, neck or other exposed areas for complete protection for up to 4 hours.
