SPOT IT

SPOT IT is a uniquely formulated blend of cleaning agents and degreasers beyond the ability of most cleaning chemicals. SPOT IT can remove virtually any stain due to dirt, ink, grease, oil, mud, ketchup, urine, vomit, coffee, tea, alcoholic beverages, soft drinks, chocolate and blood. The upside-down spray valve allows for easy application on carpet, rugs and upholstery. SPOT IT has a powerful stream that penetrates stains down to the backing and concentrates the product on spots and stains without heavy over spray. SPOT IT quickly saturates materials for instant cleaning, and leaves no residue. SPOT IT contains no solvents which might soften carpet backings and contains an odor neutralizer which destroys odors due to urine, vomit and blood through oxidation catalysis, leaving a pleasant fragrance. Works well as a pre-spotter in carpet cleaning operations and on clothing before washing. Continues to clean and deodorize ever after blotting. Freshens and brightens while restoring the nap and texture. SPOT IT is the ultimate all-purpose spot and stain remover: simply spray, blot, gone.

"I had a tea stain on light carpet that nothing would even touch. I used Spot It and got the stain out on the second application!" -Anne H., Stockton, CA
