## **Ice Off Arctic Green**

**Areas of Use: Driveways, walkways, roads, streets, highways and more.**

**DESCRIPTION:** ICE OFF ARCTIC GREEN ice melter contains minerals that are essential to human life, making it gentle on the environment and its eco-systems. The product is made up primarily from three ingredients, potassium acetate, CMA and sodium chloride. Potassium, being a required nutrient to plant life, has long been known as a safe ingredient to melt ice safely and the CMA gives this product the boost it needs to work down to very low temps. Contains anti-corrosives that help to reduce the level of corrosiveness in the product making it a better choice to use on sensitive surfaces. The green color is environmentally friendly, and when used as directed does not stain the surface of your walkway or road surface. This all natural deicer is gentle on the environment, the surfaces it is applied to, and harmless around children and pets.

**ADVANTAGES:** 1) Effective to -29°C (-20°F). 2) Easy to use. 3) Instant traction. 4) Leaves no oily residue. 5) Requires no special handling. 6) Gentle on the environment. 7) Anti-corrosive formula.

### **SPECIFICATIONS:**

<b>Classification</b>	<b>Solid</b>
<b>Color</b>	<b>Green granules</b>
<b>Odor</b>	<b>None</b>
<b>Boiling point</b>	<b>2575°F</b>
<b>Solubility in water</b>	<b>37.5 g/100 mL</b>
