SAFETY DATA SHEET

1. Product and Company Identification

Product identifier				
	Gel Tabs			
Other means of identification	BGT94S / BGT947P / BGT947L			
Recommended use	Condensate drain pan treatment			
Recommended restrictions	None known.			
Manufacturer/Importer/Supplie	er/Distributor information			
Manufacturer				
Company name	Pro-Line Industrial Products, Inc			
Address	723 W. University Ave			
	#110-428			
	Georgetown, TX 78626			
Telephone	800-263-9436			
Emergency phone number				
	Chemtrec 80	0-424-9300		
	2. Hazards Iden	tification		
Physical hazards	Not classified.			
Health hazards	Acute toxicity, oral	Category 4		
	Skin corrosion/irritation	Category 2		
	Serious eye damage/eye irritation	Category 1		
Environmental hazards	Not classified.	Category		
OSHA defined hazards	Not classified.

3. Composition/Information on Ingredients

Mixtures

Chemical name	Common name and synonyms	CAS number	%
Urea		57-13-6	53
Benzyl-C12-18-alkyldimethyl ammonium chlorides		68391-01-5	26.8

4. First Aid Measures		
Inhalation	If inhaled: Remove person to fresh air and keep comfortable for breathing.	
Skin contact	If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Specific treatment (see product label).	
Eye contact	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.	
Ingestion	If swallowed: Rinse mouth. Do NOT induce vomiting.	
Most important symptoms/effects, acute and delayed	Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Direct contact with skin may cause irritation.	
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically.	
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. In the case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Avoid contact with eyes and skin. Keep out of reach of children.	

5. Fire Fighting Measures			
Suitable extinguishing media	Treat for surrounding material.		
Unsuitable extinguishing media	None known.		
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.		
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.		
Fire-fighting equipment/instructions	In the event of fire, cool tanks with water spray.		
Specific methods	Cool containers exposed to flames with water until well after the fire is out.		
General fire hazards	No unusual fire or explosion hazards noted.		
	6. Accidental Release Measures		
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep out of low areas. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.		
Methods and materials for containment and cleaning up	This material is classified as a water pollutant under the Clean Water Act and should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways. Stop the flow of material, if this is without risk. Following product recovery, flush area with water. For waste disposal, see section 13 of the SDS.		
Environmental precautions	Do not discharge into lakes, streams, ponds or public waters.		
	7. Handling and Storage		
Precautions for safe handling	Do not get this material in contact with eyes. Avoid contact with skin and clothing. Do not taste or swallow. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. When using, do not eat, drink or smoke. Wash hands thoroughly after handling.		
Conditions for safe storage, including any incompatibilities	Keep container tightly closed. Store away from incompatible materials (see Section 10 of the SDS).		

8. Exposure Controls/Personal Protection

Components	Туре	Value	Form
Urea (CAS 57-13-6)	TWA	10 mg/m3	Total particulate.
Biological limit values	No biological exposure limits noted for	the ingredient(s).	
Exposure guidelines	Chemicals listed in section 3 that are not listed here do not have established limit values for ACGIH or OSHA PEL.		
Appropriate engineering controls	Provide eyewash station. Ensure adequate ventilation.		
Individual protection measure	s, such as personal protective equipme	ent	
Eye/face protection	Wear safety glasses with side shields (or goggles) and a face shield.		
Skin protection			
Hand protection	Wear appropriate chemical resistant gloves.		
Other	Wear appropriate chemical resistant clothing.		
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment.		
Thermal hazards	Not available.		
General hygiene considerations	When using, do not eat, drink or smoke. Wash hands after handling and before eating.		

9. Physical and Chemical Prope	rties
--------------------------------	-------

Appearance	Solid		
Physical state	Solid.		
Form	Solid until mixed with water to form gel		
Color	Various		
Odor	Fresh		
Odor threshold	Not available.		
рН	8.3 (10% solution)		
Melting point/freezing point	Not available.		
Initial boiling point and boiling range	Not available.		
Pour point	Not available.		
Specific gravity	0.981		
Partition coefficient (n-octanol/water)	Not available.		
Flash point	Not available.		
Evaporation rate	Not available.		
Flammability (solid, gas)	Not applicable.		
Upper/lower flammability or exp	losive limits		
Flammability limit - lower (%)	Not available.		
Flammability limit - upper (%)	Not available.		
Explosive limit - lower (%)	Not available.		
Explosive limit - upper (%)	Not available.		
Vapor pressure	Not available.		
Vapor density	Not available.		
Relative density	Not available.		
Solubility(ies)	100 %		
Auto-ignition temperature	Not available.		
Decomposition temperature	Not available.		
Viscosity	Not available.		

10. Stability and Reactivity

Revision date 10-January-2022

Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Chemical stability	Material is stable under normal conditions.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	May include and are not limited to: Hydrogen chloride. Ammonia.

11. Toxicological Information

Ingestion Harmful if swallowed. Inhalation Prolonged inhalation may be harmful. May cause irritation to the respiratory system. Skin contact May be initiating to the skin. Eye contact Causes serious eye damage. Symptoms related to the physical, chemical and build store symptoms may include stinging, tearing, redness, swelling, and build other social result. Information on toxicological effects Acute toxicity Harmful if swallowed. Respiratory or skin sensitizatio	n .		
Respiratory sensitization	Not availal	ple.	
Skin sensitization	Not applicable.		
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.		
Carcinogenicity			
	•	ances (29 CFR 1910.1001-1050)	
Not listed.			
Reproductive toxicity	This produ	ct is not expected to cause reproductive of	or developmental effects.
Specific target organ toxicity - single exposure	Not classified.		
Specific target organ toxicity - repeated exposure	Not classif	ied.	
Aspiration hazard	Not availal	ole.	
Chronic effects	Not classif	ied.	
Further information	Not availal	ole.	
		12. Ecological Information	
Ecotoxicity	See below		
Components Urea (CAS 57-13-6)		Species	Test Results
Crustacea	EC50	Daphnia	10000 mg/L, 48 Hours
Aquatic			
Crustacea	EC50	Water flea (Daphnia magna)	3910 mg/l, 48 hours
Fish	LC50	Giant gourami (Colisa fasciata)	5 mg/l, 96 hours
Persistence and degradability	No data is	available on the degradability of this prod	luct.
Bioaccumulative potential	No data av	vailable.	
Partition coefficient n-octa	nol / water (le		
Urea Mahility in anil	No data a	-2.11	
Mobility in soil	No data av Not availal		
Mobility in general			depletion photoshemical azona areation
Other adverse effects		dverse environmental effects (e.g. ozone endocrine disruption, global warming pote	
		13. Disposal Considerations	
Disposal instructions	and its cor sewers/wa	tainer must be disposed of as hazardous ter supplies. Do not contaminate ponds, v Dispose of contents/container in accordar	at licensed waste disposal site. This material waste. Do not allow this material to drain into waterways or ditches with chemical or used nce with local/regional/national/international
Local disposal regulations	Dispose in	accordance with all applicable regulation	S.
Hazardous waste code	The waste disposal c		etween the user, the producer and the waste
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).		
Contaminated packaging		Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is	
		14. Transport Information	
General		nce with DOT-SP 10904 (8th Revision) & d corrosive for transportation as per OECI	
U.S. Department of Transportat	tion (DOT)		

Not regulated as dangerous goods.

Transportation of Dangerous Goods (TDG - Canada)

Not regulated as dangerous goods.

15. Regulatory Information		
US federal regulations	This product is a "Hazardous Standard, 29 CFR 1910.1200	Chemical" as defined by the OSHA Hazard Communication
TSCA Section 12(b) Export	Notification (40 CFR 707, Sub	pt. D)
Not regulated.		
CERCLA Hazardous Substa	ance List (40 CFR 302.4)	
Not listed.	ulated Substances (29 CFR 19	10 1001-1050)
Not listed.		10.1001-1050)
Superfund Amendments and Re	eauthorization Act of 1986 (SA	RA)
Hazard categories	Immediate Hazard - Yes	
	Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No	
SARA 302 Extremely hazardous substance	No	
SARA 311/312 Hazardous chemical	No	
SARA 313 (TRI reporting) Not regulated.		
Other federal regulations		
Clean Air Act (CAA) Section	n 112 Hazardous Air Pollutants	s (HAPs) List
Not regulated. Clean Air Act (CAA) Section	n 112(r) Accidental Release Pr	evention (40 CFR 68.130)
Not regulated.		
Safe Drinking Water Act (SDWA)	Not regulated.	
Food and Drug Administration (FDA)	Not regulated.
