Paint Pen

DESCRIPTION: The PAINT PEN is a uniquely designed pen that provides a highly visible mark with permanent oil based paint. The PAINT PEN offers a fast drying paint that can be applied to many surface types and materials, such as metal, wood, glass, plastic, rubber and many other smooth and textured surfaces. The PAINT PEN has a unique valve action, replaceable medium point felt tip for precise use. The PAINT PEN works like a marking pen, but supplies the permanence of paint. The cap of the PAINT PEN is designed to be air tight in order to increase life and maintain consistent performance of the pen. Coverage 400-700 square inches/marker. Can be used in temperature range 20° to 100° F. The PAINT PEN is packaged for convenience and designed for heavy-duty industrial use.

AREAS OF USE: May be used on metal, plastic, glass, rubber, wood and many other surfaces. These surfaces may include conduit, ABS, PVC, motor parts, auto parts, identifying tools and equipment, machinery, cable, lumber, wire, and windows.

ADVANTAGES: 1) Provides high quality oil based paint with the precision of a marking pen. 2) Easy and clean to use. Simply press the tip down until inked, write as necessary and replace the cap when finished. 3) Dry to touch - 35 seconds; Dry to recoat - 5 minutes; Full cure - 24 hours. 4) Available in black, red and white.
