

## Chill Out

Product #ACO112

### *Freezing Penetrant Lubricant*

CHILL-OUT is new technology that immediately freezes and shrinks seized and corroded nuts, bolts, pins, hinges, and studs allowing the lubricant to penetrate and loosen the toughest applications. Spraying a liberal amount on the area will allow CHILL-OUT to reach deeper in the toughest of applications and work more successfully than other penetrants and will also shield against renewed corrosion. Use anywhere corrosion is a big problem.

### Areas of Use:

- Auto Mechanics
- Utility Companies
- Marine Repair
- Industrial Plants
- Refineries
- Heavy Equipment Companies
- Railroads
- Construction
- Forklift Repair Shops
- Golf Courses
- anywhere a penetrant lubricant is required

### Effective Against:

- Rust

### Directions for Use:

1. Shake well before using.
2. Spray liberal amount on area to be treated. Part should be ready to loosen after 30 seconds.
3. Reapply as needed.

### Specifications:

Classification	Aerosol lubricant
Color	Clear
Odor	Characteristic solvent
Solubility in water	Not available
Flammability	Extremely Flammable spray
