

White Sil

Product #AWS304

White RTV

A mildew-resistant RTV silicone sealant. WHITE SIL is an excellent adhesive, sealant and caulk. It is ideally suited wherever a strong, permanently flexible weatherproof caulk, adhesive or sealant is needed. Excellent as an adhesive for bonding plastic and metal. Works well in high humidity, is mildew resistant, and won't fade or discolor with aging. Fully cured WHITE SIL forms an extremely tough, rubbery solid like material. Also available in Red, Black and Clear.

Areas of Use:

- Tubs
- Sinks
- Showers
- Doors
- Windows
- Appliance Parts
- Sheet Metal Joints
- Duckwork
- Electrical Components
- Marine Applications
- Weather-stripping
- Body Seams
- Plumbing Fixtures
- Auto Trim
- Appliance Trim

Effective Against:

- Weathering
- Vibration
- Moisture
- Chemicals
- Ozone
- Extreme Temperatures

Directions for Use:

Surface must be clean, dry, and free of oil, tar, dirt and dust for best adhesion. A 1/16" to 1/8" bead dries in 1 hour, cures in 24 hours and reaches optimum strength in 7 days. Leave a small bead of material which will form a sealing "plug" for reuse. To use, gently pull "plug" and begin to use material. If plug breaks leaving the dispensing tip sealed, use a paper clip or other wire object to remove and loosen the remainder of the cured material.

Specifications:

Classification	RTV silicone
Color	White
Odor	Acetic acid like
Solubility in water	Not available
Flammability	Not available
