Lime Go

Nickel Safe Delimer & Descaler

A concentrated blend of phosphoric acid, with surfactants and emulsifiers. LIME GO is designed for use in dish and ice machines to dissolve light to medium scale buildup. Also removes soap film from walls and floors and descales coffee urns. Recommended for use on food service equipment such as stainless steel and steam tables. Safe on nickel.

Areas of Use:

- Water Meters
- Pumps
- Shower Stalls
- Mortar
- Stone
- Ice Machines
- Drinking Fountains
- Cooling Coils
- Brick
- Masonry Surfaces
- Ceramic Tile
- Air Conditioning Towers & Water Lines
- most metallic surfaces

Product #QLG848

Effective Against:

- Lime Build-up
- Scale
- Mineral Deposits
- Alkaline Matter
- Hard Water
- Soap Scum
- Corrosion
- Mortar Spatter

Directions for Use:

Dish machines: mix 1 pint Lime Go to 1 gallon water. Turn off detergent feeder. Operate machine in wash cycle until water line is removed. Drain and refill with hot water and dish washing detergent. Recirculate for 5 minutes.

Ice machines: Drain and clean the water sump of all loose residue. Refill with clear water and add 16 ounces of Lime Go to every 3 gallons of water. Circulate the solution for 30 minutes. Flush thoroughly with fresh water before reuse.

Specifications:

Classification	Acid based liquid
Color	Green
Odor	None
Boiling point (liquid only)	>212°F
Solubility in water	100%
Flammability	Not applicable
