Enviro Solidifier

Paint Solidifier

ENVIRO SOLIDIFIER is for use with latex paint or other water based product that is safe to dispose of in a landfill. Can be used to contain spills and solidify unused paints. 30 lbs will treat 107 gallons of paint waste. It is great for quickly containing job site paint spills. Keep a bag of ENVIRO SOLIDIFIER in your pocket or tool kit at all times for annoying spills that would otherwise eat away at valued productive hours. Using up all your paint is always the best option, but ENVIRO SOLIDIFIER is a great alternative.

Areas of Use:

- Industrial Plants
- Paint shops
- Municipalities
- School Districts
- anywhere there is left over paint
- anywhere paint spills

Effective Against:

- corrosion
- surface oxidation

Directions for Use:

Recommended Usage: For use with latex paint or other water based product that is safe to dispose of in a landfill. 30 lbs will treat 107 gallons of paint waste.

Application: Pour crystals into waste or onto spills. Stir until paint has thickened. Scrap into pile.

Cleanup: Scrap spills into piles. Put pile into containers. Dispose of contain-ers in accordance with local regulations.
