Nexzyme 106

Organic Waste Remover

NEXZYME 106 is a concentrated, dry blend, of stabilized bacterial spores and micronutrients. Packed in 1 pound individual, water soluble packets to make portion control easy. Simply grab and toss; no dilution, measuring, mixing or special pumping equipment. The rapidly dissolving packet and unique micro nutrient enriched carrier, provides accelerated germination, growth and superior enzyme production, while reducing odor, BOD, COD, suspended solids, turbidity and ammonia concentrations. NEXZYME 106 is a blend of bacillus bacteria strains, cultured for their ability to digest organic waste quickly, efficiently and without odors. These strains will work both in the presence of oxygen (aerobic digestion) and in the absence of oxygen (anaerobic digestion). The natural enzymes quickly break down proteins, starch, carbohydrates, animal and vegetable fats/oils, including paper. Spore form allows it to resist chlorine, disinfectants, and high water temperatures. Stable bacteria spores enhance shelf life and guarantees microbial concentration.

Areas of Use:

- Animal waste pits
- lagoons
- lift stations
- portable toilets
- septic and holding tanks
- food processing facilities
- municipal wastewater treatment facilities

Effective Against:

- odor
- protein
- starch
- paper
- carbohydrates
- animal and vegetable fats/oils

Advantages:

1. Scientifically selected aerobic, and anaerobic bacteria provide outstanding performance, even in low oxygen environments.
2. Provides uninterrupted cleaning action in drains, plumbing and septic systems.
3. In septic systems, it will eliminate solids, carry over, odors, and reduced frequency of pump outs.
4. Continuous digestion prevents accumulation of sludge, scum, grease and all other organic solids.

Product #PNZ421

Specifications:

Classification	Solid
Color	Tan to Brown
Odor	Yeast like
Flammability	No data
Solubility in water	100%
VOC	<1%

Certified 100% Women-Owned Small Business

Dedicated to Integrity • Reliability • Quality Products • Friendly Service

Our Products are Made in the USA and we Proudly Support Veteran Endowments
